Shared Studio: artist who share a studio/business can register as one entity under one name (i.e. Flash Photo Studio, Centre Street Ceramics, Robin Radin Student Show). Note artists sharing a studio/business who choose to register this way will receive one listing without individual names/individual information.

Private Shared Sites are large multi-artist sites that are by invite only at the discretion of the venue (i.e. The Footlight Club, Eliot School Inside, Stonybrook Fine Arts)

Please contact us if you are looking to either open up your outdoor space to a fellow artist or are an artist looking for available space. While we can not guarantee placement in a private studio outdoor space, we are happy to help connect you with any spaces that we may know of.

Give greetings to our next JPOS Artist Highlight and longtime JP Arts Council volunteer, Keyse Angelo of Keyse Angelo Jewelry @keyseangelo! She will have her delightful beadery and sparkly jewelry at Curtis Hall this year, so make sure to give her a visit and take home something beautiful for yourself (or a loved one, like yourself!)

\*Keyse began making jewelry as a child when given materials and space to use her imagination. Originally from Brazil, she draws upon a rich history of creative people.

Her jewelry pieces uniquely blend modern and vintage beads collected since her arrival in the US at the age of 6. Each piece boasts distinctive movements and color combinations guaranteed to bring joy to the wearer. Keyse enjoys pairing unlikely materials together for beautiful contrast. During the pandemic, Keyse began collecting and working with beads and jewelry gifted to her from community members. This eclectic collection of maters allows her to create pieces you won't see anywhere else.

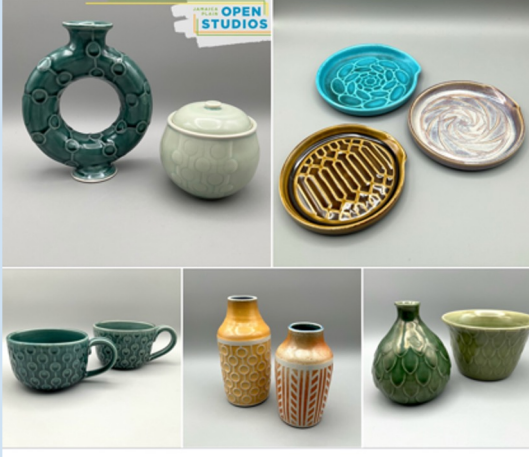

Originally known under the pseudonym Flauxy, Keyse embraces the evolution of her craft and identity. Keyse creates and designs in her apartment in Boston, MA.\*
